MAKING LEARNING WHOLE

Sep 23, 2020

[Making Learning Whole](#)

Suggested classroom practices are included, but more than that, the book is about different ways of thinking, for both teachers and students. Written in Perkins' delightful wry voice, Making Learning Whole is motivating, inspiring, and very accessible. Perkins recognizes past and current research into the process of learning, and cites numerous additional resources in which "visions of meaningful education seem to speak to three basic agendas: enlightenment, empowerment, and responsibility ...

[Making learning whole : how seven principles of teaching ...](#)

This week I am working to read through David Perkins' Making Learning Whole. (I'm also aiming to write in smaller, more blog-sized thoughts.) Perkins provides seven principles to lead his readers towards what he calls learning by wholes (p.8), rather than aspects or parts. He argues he learned baseball by playing junior versions of the game with his neighborhood...
