## PAD EYE DESIGN GUIDE

Oct 31, 2020

### [Pad Eye Design Guide](#)

Padeye Design Guidelines The following guide gives an overview of padeye design based on DNV design rules and common industry practice. For any manufactured equipment, the geometry of the padeye must match the size of shackle to be used to ensure a rated connection between the equipment and the lifting set.

Pad eyes are eyelets, rings, or loops that attach to machinery or equipment. They can be used for tie-down, lashing or securing applications, but are not usually rated for overhead lifting. Types. There are many different types of pad eyes. Examples include welding ring pad eyes, folding pad eyes, eye straps, and anchor plates. Welding ring pad ...
